

13 century Mongol under Genghis Khan was aggressively and continuously conquering lands

It was inevitable that Mongol would clash with Goryeo

Mongolian general Saiche was in charge of Goryeo conquest

The Mongolian wave -

swept through Jin and Song dynasty and then -

to Persia

Against the might of Mongolians, Goryeo was no exception.

Thousands perished in battles

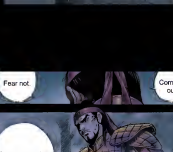

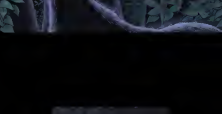

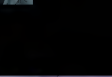

They approached Hwarang (Uju) swiftly without much resistance

Goryeo was outnumbered and was powerless to stop their advance.

Fear not.

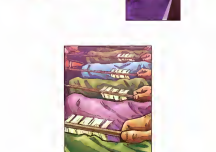

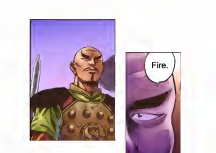

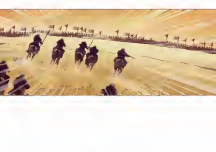

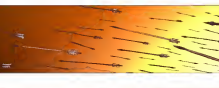

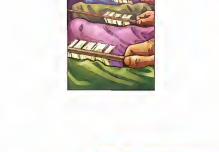

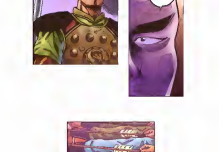

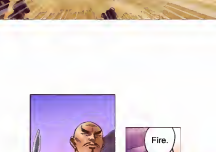

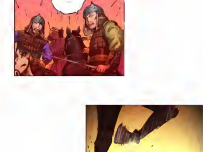

Come on out.

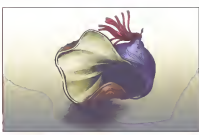

Come out and ... devour me.
